

*Important Update 24<sup>th</sup> March, 2020*

*Here at Crane Plastics we are monitoring the situation regarding Coronavirus (Covid-19) extremely closely. As per the recent announcements, we are all having to re-evaluate how we live our lives on a day to day basis.*

*Due to the nature of our business and our position in the Food and Pharmaceutical supply chain we will be remaining open. Those members of the Crane Plastics team who can work from home are doing so, the manufacturing team have been briefed on new working practices to limit person to person contact and to operate within the government guidelines.*

*We will of course keep all our customers in mind but we must advise at this time, all our efforts for the foreseeable future will be directed to our Food and Pharmaceutical production customers.*

*We thank all our other customers for their patience and hope that you all remain safe and well.*

*Should you have any questions regarding existing orders or other general enquiries please contact*

*Remote working team*

*Dominic Withington – Telephone 0772 672 170 or via email [dominic@cranoplastics.co.uk](mailto:dominic@cranoplastics.co.uk)*
